Posted by Lilredhead - 2008/05/01 11:20

Hello everybody! A few members who have been playing Smash Bros Brawl having been asking each other about Mario Kart Wii friend codes. So, I decided it would probably be best to make a separate thread about that (considering the Smash Bros thread is over 500 posts now).

Anyway, go ahead and post your friend codes here! Share stories, brag about your awesomeness and all that groovy stuff.

My Mario Kart Wii friend code: 3695-0465-3691.
